

5/6 Maths plan - Week Commencing 15th June 2020

Topic: Multiplying and dividing by 10, 100 & 1000.

For the majority of this term, the work set will include a PowerPoint with starter questions.

There will then be a MAIN TASK and REASONING sheet.

Maths of the Day is an extra challenge that anybody may access.

Each sheet is split into D (easiest), E (harder) or GD (hardest). The below table gives you an idea of what you should be working on, depending on ability.

On some days there will not be a PowerPoint, instead there will be labelled sheets uploaded.

Maths Topic:	'Maths of the day'	Practising	More confident	I feel like a challenge
Monday	Day 11	Completed Arithmetic paper		
Tuesday	Day 12	MAIN TASK D	MAIN TASK E or GD	REASONING E or GD
Wednesday	Day 13	MAIN TASK D	MAIN TASK E	MAIN TASK GD
Thursday	Day 14	MAIN TASK D	MAIN TASK E or GD	REASONING E or GD
Friday	Day 15	MAIN TASK D	MAIN TASK E	MAIN TASK GD
